WORK EXPERIENCE

Diebold Nixdorf
Software Engineer III

North Canton, OH
July 2017 to Current

- Working as a member of the Professional Services team, primarily performing various customizations and modifications to existing software modules.
- **Relevant Skill Sets Used:**
 - JavaScript
 - AngularJS
 - HTML5/CSS
 - C++

Rockwell Automation
Software Engineer

Mayfield Heights, OH
July 2015 to July 2017

- Worked on an agile team performing primarily visual updates to an application that is similar in appearance to Visual Studio. Updated the graphical user interface to give the application a more modern Visual Studio themed look.
- **Relevant Skill Sets Used:**
 - C++
 - IBM Rational Toolset
 - MFC
 - Visual Studio 2015

Diebold
Software Engineer III

North Canton, OH
2014 to June 2015

- Performed developer duties for a client-side of ATM application that stored user preferences and also allowed the user experience to be customized for each user. Specific tasks included implementing various web service calls to save and retrieve user preferences, as well as the presentation of various screens to the user.
- Helped create the GUI portion of a developer tool designed to assist with reading ATM log files.
- **Relevant Skill Sets Used:**
 - C#
 - HTML5 & CSS3
 - Web Services
 - WPF
 - JavaScript / JQuery
 - Agile Development

BGI, LLC
Software Engineer

Akron, OH
2008 to 2014

- Involved in design and development of software. Performed product architect duties for a project using the agile SCRUM process, which includes helping establish software vision, as well as overseeing small teams in the different phases of software development. Duties also included ensuring designs are consistent with the software's vision, as well as enforcement of coding guidelines and making sure quality software was being developed.
- **Relevant Skill Sets Used:**
 - Agile Development (SCRUM)
 - C++
 - Qt
 - SQL

EDUCATION

Malone College
BA, Computer Science

Canton, OH
2007

- 3.5 Cumulative GPA
